

Silence of Snow

Joe Lipka

Thunder rumbles through the heavens
Lightning cracks with lethal ferocity
Fog comes on little cat feet
And Snow?

Snow thinks Fog is noisy
There is no sound as snow accumulates
quietly throughout the night, clinging
to itself and to any cold surface

The morning sun shines brightly
A well-mannered overnight guest,
The snow is gone by noon.

Joe Lipka has shared his vision since he began photographing.

In the last thirty years, his photographs have appeared in over one hundred juried exhibitions, more than twenty solo exhibitions and have been printed in both *LensWork* and *Black & White Photography* (UK) Magazines.

His website www.joelipkaphoto.com has continuously evolved since it was launched in 2004. His blog *Postcards from the Creative Journey*, published weekly since 2010, is a collection of his photographs and thoughts on the creative process.
